## DETAILED ACTION

### *Election/Restrictions*

1. Newly submitted claims 9 and 10 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: they are a copy of invention 2, non-elected without traverse on 17 March 2005. Applicant's attempt to switch from elected invention 1 to non-elected invention 2 is improper.
2. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 9 and 10 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
3. The amendment filed on 08 February 2007 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because they are a direct copy of non-elected invention 2, and have already been deemed as restricted from elected invention 1.
4. Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in

Art Unit: 2145

order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

***Response to Amendment***

5. The reply filed on 08 February 2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): the lack of any non-cancelled claims that are not restricted by original presentation. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

6. As there are no remaining claims in the application, the examiner cannot consider any claims for allowability.

7. Applicant, on 17 March 2005, elected without traverse invention 1 and cancelled invention 2, in response to a restriction made by the office on 11 January 2005. Several searches and considerations have subsequently been made on the merits. It is improper for the applicant to require of the office new search and consideration by simply switching from invention 1 to invention 2 in response to a non-final action. If applicant wishes to pursue invention 2, he may file a divisional application.

***Conclusion***

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
